# Shift-Into-Overdrive coaching day reference guide

Shift Leader Foundations – Running Great Shifts

## Pre-Coaching day preparation (estimated time, 1 hour, performed on a day other than the training day)

Read all communications from the restaurant team to make sure you have an awareness of any issues that might impact the shift.

| | Activity | Key activities and discussion Point |
|---|---|---|
| 1 | Review next-day schedule | Review Crew & Managers schedule, availability of Crew Trainers and GEL |
| 2 | Review sales pattern | Promotions, Holidays, Special events |
| 3 | Check crew schedule and positioning plan | Shift Balance, Positioning of people, aces in their places, Shift plan board, training needs. |
| 4 | Check products stock levels for taste of quality | FIFO, product shortage |
| 5 | Review Sales Projection | Accurate Sales and GC projection for the Shift, Shift targets are based on factual data |

## Pre-Shift (estimated time 1 to 1.5 hours)

Read all communications, discuss with previous with the Shift Leader, including relevant information from the day that will impact the shift, including any opportunities, trends (e.g., Sales/GCs or product mix trends), problems, or barriers for which you will need to take action.

| | Activity | Key activities and discussion Point |
|---|---|---|
| 6 | Discuss pre-shift planning task | Pre-shift routines, Shift Leader & SPA System Map, Positioning & Targets |
| 7 | Observe pre-shift | Create and prioritize a to-do list. Review any relevant product mix trends, initiation points prepared, Review people positioning plan and adjust accordingly |
| 8 | Complete pre-shift checklist | Create and prioritize a to-do list. Set and communicate targets to the Crew, as well as their secondary responsibilities. |
| 9 | Pre-shift travel path | All restaurant areas according to the guide. |
| 10 | Debrief observation | Travel path observation and finding |

## Leading the Shift (use the remaining shift time on these topics, saving 1 hour for post-shift)

| | Activity | Key activities and discussion Point |
|---|---|---|
| 11 | Discuss leading the shift tasks | **Explore your Shift Leader's understanding of the following terms** and how and when used during a shift: **Optimizing the team: Scaling: Flexing: Shift Balance: Decision making, Conditions, Operate as designed, Observation zone, Danger Zone** |
| 12 | Leading the shift travel path | Conduct regular travel paths to prioritize, delegate, and follow-up with: **safety and security, QSC, Guest experience, appearance.** |
| 13 | Observe the shift | Role model hospitality interaction with Guests, talk with them frequently, and ask about their experience. |
| 14 | Debrief the shift | overview of the observation period , food safety/quality and health/safety on the shift ,guest experience, strengths and opportunities observed |
| 15 | Coach shift leader as they complete Food Safety check | Minimum cooking time, Safe temperature, Holding time, Raw product storing and handling procedure, equipment set-up, crew procedure. |
| 16 | Gold standard Quality check | Big Mac and French Fries, Use **Best Burger Shift Huddle Cards** |

## Post-shift (estimated time 1 hour)

You should allow enough time to go through the procedures and to provide reflection and feedback about the whole experience.

| | Activity | Description / Discussion Point |
|---|---|---|
| 17 | Complete post shift analysis | Allow the trainee to answer all the questions in the Post shift analysis. Act as the Shift leader and ask the trainee to provide feedback and coaching. |
| 18 | Reflect on the Shift Leaders day | Role model thanking, recognizing and rewarding crew. |
